

BUYER Benefits

At HSASM, we know purchasing a home is one of your biggest considerations and investments. To help you gain more security in your decision, we recommend asking the seller to include an HSA Home Warranty in the purchase agreement, or purchasing this valuable protection yourself.

Why a home warranty plan from HSA?

Protection

With a home warranty plan from HSA, you'll receive a one-year service contract to help protect your budget from costly, unexpected covered repairs or replacement of appliances and major components of mechanical systems that break down from normal wear and tear.

Convenience

When covered breakdowns happen, we can help reduce the time and concern of finding a reliable service professional. Should something fail, just contact HSA. Our knowledgeable, friendly staff will connect you with a qualified service professional.

BENEFITS

Security and protection.

Moving involves a great deal of time and expense. A home warranty plan will give you the confidence during this process and beyond that any repairs of a covered appliance or system will be handled by a qualified service professional.

Reliable service, 24-7.

There's no need to research different vendors for repair or replacement assistance. We're available 24 hours a day, 7 days a week to help you schedule a diagnosis by one of our qualified service professionals. We believe in offering convenience combined with quality service.

Valuable coverage is renewable annually.

At HSA, trusted service and valuable protection aren't the only ways we help make your life easier. Our warranty is also renewable annually, so your appliances and home systems can receive continuous coverage.

Limitations and Exclusions apply. Please see contract for details.
